

Shell Scheme Package

Harry the hirer is proud to be your official stand contractor and electrical & furniture supplier. The following information outlines the stand inclusions for shell scheme exhibitors:

Walls

Flush walling 2.4m high constructed using white PVC attached to a flush wall frame system. When attaching anything to walls, exhibitors are asked to use 3M double sided tape or order our wall-mounted shelving.

Screws, nails, bolts, glue, paint and double-sided adhesive tape will permanently damage the insert panels, exhibitors are requested not to use them.

Charges will apply for ALL damaged panels.

Fascia / Stand signage

Flush finished overhead fascia, on all aisle frontages.

All open aisle frontages will have a printed fascia sign with stand number and company name.

The clear height under the fascia is 2100mm.

There is a maximum of 30 letters for the Company Name.

Signage confirmation

All signage must be confirmed by **Friday 16th August 2019**

Any Stand Signs not confirmed by the due date will be printed with the company name as supplied by the Show Organiser.

Lighting & Power

2 x LED spotlights are supplied per 9sqm, mounted behind the fascia.

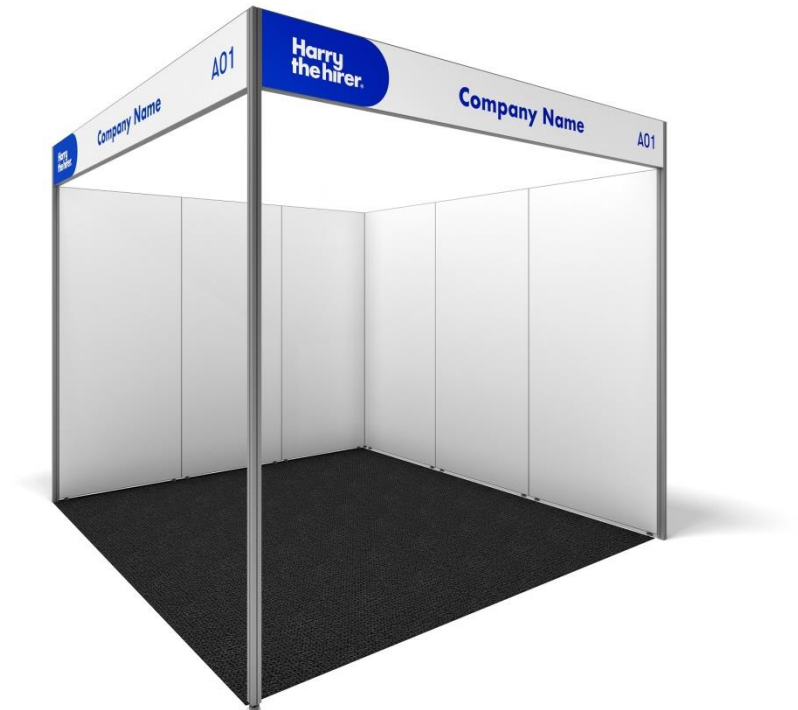

1 x single 4amp power point per stand

Flooring

Ash coloured carpet tiles will be installed in the stands

Furniture/ Audio Visual/ Accessories
